

Contraceptive Technology Update

A monthly newsletter for health professionals

1989 INDEX

Volume 10, Numbers 1-12

pages 1-180

Editor: Theresa Waldron

A

Abortion

embolism related to, JUN:85
safety of, JUL:99

Abstinence

as contraceptive method for
teenagers, JUN:82

Adolescents

contraceptive behavior in, APR:59

Allergic vaginitis

related to contraceptive foams or
jellies, JAN:12

Ansell

condom recall after complaints of
defects, JAN:6

B

Breast cancer

correlation with oral contraceptive use,
JAN:8; FEB:28; MAR:33

Breast-feeding

as a family planning method,
AUG:108; NOV:159

C

Cambodian-Americans

providing family planning outreach
programs to, JUL:97

Cancer

risk with oral contraceptives,
APR:Women's Health Update;
APR:59

Cardiovascular disease

risk in women who use oral contracep-
tives, MAR:42

Cervical caps

availability of, APR:57
need for additional Pap smears with,
NOV:156
risk of genital trauma in users, MAR:43
study shows no increased risk of Pap
smear conversions in cap users,
NOV:157
use of, APR:Women's Health Update

Cervical laceration

with intrauterine device insertions,
JUL:91

Chlamydia

empirical treatment of, JAN:11
screening tests for, APR:49
selective screening for, JUL:102
treatment and prevention information
for patients, APR:47
when screening is necessary in family
planning clinics, APR:45

Cholesterol levels

guidelines from the National
Cholesterol Education Program,
OCT:137

Clinical cervicitis

empirical treatment of for possible
chlamydia infection, JAN:11

College students

birth control self-assessment guide for,
AUG:115
contraceptive needs/behaviors of,
AUG:110

Condoms

breakage with skin vs. latex condoms,
SEP:117
dealing with reluctant partners, FEB:24
directions require high school reading
level, FEB:26
difficulty teenagers have in buying,
JAN:14
effects of ozone on, FEB:24
efficacy of (special report), FEB:17
expiration dates of, MAY:73

failure rates for STD prevention,
FEB:25
free distribution program, APR:50
incorrect use linked to condom failure,
SEP:119
large-sized, APR:58
recall by manufacturer after complaints
of defects, JAN:6
study finds low condom breakage
rates with prostitutes, SEP:120
to reduce STD risk in women, FEB:21
types of lubricants that may destroy
latex condoms, FEB:20
user failure rates of, FEB:25

Contraceptive failure rates
how to determine, MAR:40
rates 30% higher than previously
reported, SEP:121

Contraceptive sponge
Today sponge effectiveness data
questioned, MAY:61

Contraception
in older, reproductive-aged women,
MAY:69
in teenagers, MAY:73
possible vaccine for women, OCT:141
possible injectable contraceptive for
men, OCT:142

Counseling
talking to patients about sexuality,
MAY:68

D

Diaphragms
risk of genital trauma in users, MAR:43

Diets
strict dieting can alter menstrual cycle,
JAN:15

Dollar-a-Day program
support group for teens prevents preg-
nancy, SEP:122

E

Ectopic pregnancy
increased rate linked to pelvic inflam-
matory disease, later childbearing,
JAN:6
risk after nonpostpartum sterilization,
FEB:31

Estrogen
new sublingual delivery method, JAN:7
use in menopausal women increasing,
JAN:13

F

Family planning
increasing clinic hours may increase
clients, JUL:100

Female condoms
two devices entering U.S. market,
APR:49

G

Generic oral contraceptives
bioequivalency of, JUN:77

Genital ulcers
role in transmission of human
immunodeficiency virus (HIV),
JAN:11

Glans cap
approval by the FDA, JUN:81

H

Herpes simplex virus (HSV)
guidelines for people with HSV,
OCT:Women's Health Update
types of HSV, treatment of,
OCT:Women's Health Update
women with asymptomatic HSV with
lesions, JAN:10

Human immunodeficiency virus (HIV)
role in genital ulcer disease, JAN:11
risk assessment for, JUL:99
possible increased risk of human papil-
lomavirus in infected women,
JUL:102
women with HIV often have cervical
dysplasia, JAN:10

Human papillomavirus (HPV)
description of, JUL: Women's Health
Update
detection by Pap smear, APR:53
possible increased risk with HIV infec-
tion, JUL:102
treatment of, DEC:176

I

Injectable contraceptives
experimental 90-day injectable being
developed by Family Health
International, FEB:31

Intrauterine devices (IUDs)
cervical laceration with insertion of,
JUL:91
contraindications for use of, JUL:95
out-of-court settlements for Copper-7
IUDs, SEP:132
ParaGard, one-year anniversary of,
JUL:89
periovarian insertion of, MAY:71
termination rates of, JUL:94
unavailability of in the Yukon, JUL:96
update on Copper T 380A, MAY:70
use in breast-feeding women, AUG:109

Intravaginal pouch (see also female con-
doms)
approval by the FDA, JUN:81
new guidelines from the FDA to gain
approval of, OCT:138

M

Migraine headaches
in oral contraceptive users, DEC:171

Minority women
at greatest risk of abortion-related
embolism, JUN:85

N

Norethindrone
effects of transdermal hormone on
lipid, carbohydrate metabolism,
JAN:15
effects on lipid levels, OCT:133

Norgestrel
effects on blood pressure, OCT:138
effects on lipid levels, OCT:133
types on U.S. market, OCT:136

NORPLANT
FDA advisory panel recommends ap-
proval of, SEP:131
request for FDA marketing approval,
JAN:7
study finds NORPLANT highly accept-
able, MAR:38

No-scalpel vasectomy
description of technique, JAN:5
results of early trials in United States,
JAN:5

Nurse practitioners
shortage of in family planning, JUL:103

O

Oral contraceptives
ACOG guidelines for OC use in older
women, DEC:168
actual benefits of triphasics debated,
DEC:161
breakthrough bleeding with triphasics,
DEC:164
comparing effects of lipid levels be-
tween norgestrel, norethindrone for-
mulations, OCT:133
contraceptive risk scoring sheet,
DEC:175
correlation with breast cancer, JAN:8;
FEB:28; MAR:33

description of triphasic dosages,
DEC:163
drugs that may interfere with efficacy
of, AUG:105
effects of OCs on vitamin B₆ levels,
DEC:180
generic OCs, JUN:77
guidelines for drug interactions with
OCs, AUG:107
guidelines for missed pills, NOV:159
migraine headaches associated with,
DEC:171
noncontraceptive benefits of,
NOV:153; DEC:174
prescribing OCs to women over 40,
DEC:167; DEC:169
possible effect on bone density,
JUL:102
risk of cardiovascular disease in OC
users, MAR:42
study compares lipoprotein changes in
Triphasil and Ortho-Novum 7/7/7,
AUG:116

Ovulation

frequency on right or left sides, JAN:15

Ozone

effects on condoms, FEB:24

P

Pap smears

abnormal results in cervical cap users,
NOV:156
description of, JUL:Women's Health
Update
obtaining adequate smears with en-
docervical cells present, JAN:12
proposed Bethesda system for cervical
cytology reporting, OCT:143
significance of atypical cervical
smears, JAN:13
use of nylon brush to collect cervical
cytologic specimens, JAN:13

ParaGard

one-year anniversary of, JUL:89
patient literature for, SEP:130

Peer pressure

effect on teenagers to have sex,
JUN:84

Postcoital contraception

informed consent for, NOV:special sup-
plement
insurance problems with, NOV:152
methods available, MAY:67
Ovral (or Yuzpe) regimen, NOV:145
patient instructions for, NOV:151
Planned Parenthood protocol for,
NOV:150

Postpartum contraception

available methods of, OCT:Women's
Health Update

Progestin

use in menopausal women increasing,
JAN:13

Prostate cancer

possible increased risk after vascu-
lomy, OCT:139

R

RU 486

effect of antiabortion sentiment on pos-
sible U.S. marketing, JAN:1
efficacy rate of, JAN:3

S

Sexuality

counseling patients about, MAY:68
'Sexual Etiquette 101,' SEP:special
supplement

Sexually transmitted diseases

ability of condoms to protect against,
FEB:17
description of, JAN:Women's Health
Update
guidelines for reducing risk of,
JAN:Women's Health Update
prevention in women, FEB:21
types of contraceptives that may

prevent, JAN:Women's Health Up-
date

Sterilization

factors influencing physician decision
to perform, JAN:9
few women regret, JUN:85
reversal of, JUN:86; SEP:128
risk of ectopic pregnancy after, FEB:31
direct trocar insertion for laparoscopic
tubal sterilization, JUL:98

'Sunday start' method of taking OCs
study finds method effective, MAY:76

T

Teenagers

contraception for, MAY:73
difficulty in buying condoms from
retailers, JAN:14
teaching abstinence to, JUN:82

'Three for Free' condom distribution
program
description of, APR:50

Trichomonas vaginalis
improved detection of, DEC:179

U

Unintended pregnancy risk
decreasing, MAY:75

V

Vaginal ring

description of experimental device
being developed by Population
Council, FEB:30

Vasectomy

possible link with prostate cancer,
OCT:139

Vitamin B₆ levels

oral contraceptives don't cause deple-
tion of, DEC:180
